

REGATEC 2015

Bringing technology and industry together

2nd International Conference on Renewable Energy Gas Technology
Barcelona, Spain, 7-8 May 2015

Instructions – poster presentations

Dear REGATEC 2015 poster presenter,

Welcome to Barcelona and Spain. Please read the following instructions carefully. All information should be sent to info@regatec.org.

Conference theme: The conference theme is biomethane production through anaerobic digestion and upgrading, biomass gasification and methanation and power-to-gas as well as combined heat and power production, CHP. The conference has a technical and industrial focus.

Conference language: The conference language is English (there will be no translation).

Poster presentations: The posters, a maximum of 32, will be pinned to a cardboard wall (REGATEC provides the walls and pins). There are two breaks dedicated to the poster session in the program. During these breaks the poster presenters are expected to be available at their posters for questions, explanations and information.

Remember that it is a mixed audience. Try to avoid abbreviations and very specific technical terms if possible. Pure marketing is not allowed.

The posters are expected to deal with anaerobic digestion/upgrading or gasification/methanation or power-to-gas. Any reference to the other two sectors, if possible, is highly appreciated.

Poster: Posters are to be printed in the format of 70 cm (width) and 100 cm (height).

Abstract: Each poster presenter is expected to send a 2 page abstract in word format to be included in the conference proceedings no later than the 15th of March 2015. The abstract template available at the REGATEC website should be used.

Please include technology descriptions, mass and energy balances, economy and other details of industrial relevance if possible.

Registration: Poster presenters have to register through the conference website. The reduced conference fee is 290€. The fee includes access to the conference, poster session and exhibition, all meals including the conference gala dinner and a printed copy of the conference proceedings.

Travel: Poster presenters arrange and pay their own travel.

Hotel: Poster presenters are expected to make their own hotel booking. REGATEC has reserved a number of rooms at Alimara hotel where the conference takes place at reduced rate. Visit the REGATEC website www.regatec.org/venue for more information how to obtain the reduced rate.

How to get there: By flight to Barcelona or Girona (90 km northeast of Barcelona). In Barcelona via bus lines V21, 27, 60, 73, 76, B16, B19 and N4. Underground by line 3 to Mundet (green line). From Mundet underground station it's only 220 m by foot to Alimara hotel.

By car the address is
Alimara hotel
Berruguete 126
08035 Barcelona
Latitude: 41.433802
Longitude: 2.147393

Poster presentation	Deadline
Send abstract in word format to be included in the conference proceedings. Use the abstract template.	15 March 2015
Bring the poster to the conference.	7 May 2015

All information should be sent to info@regatec.org. In case of questions, doubts or problems please contact jorgen.held@renewtec.se.

Best regards and welcome to REGATEC 2015,

Jörgen Held & Frank Scholwin
